

ALIGNER

Artificial Intelligence Roadmap for Policing and Law Enforcement

AI is at the forefront of a changing world. Many have raised concerns over the impact AI has or will have on security related issues. The EU-funded ALIGNER (October 2021 to September 2023) aims to unite European actors with concerns about AI, law enforcement and policing to jointly identify and discuss how to enhance Europe's security whereby AI strengthens law enforcement agencies while providing benefits to the public. Our work will culminate in an AI research roadmap.

To allow broad participation of practitioners, researchers, industry professionals, policymakers and members of civil society, ALIGNER makes use of Advisory Boards. Members of these boards can participate in project workshops, provide feedback and guidance on activities and outcomes of the project, and will act as information conduits between the project and other stakeholders.

FAQ

Who are we looking for?

- ◆ Law Enforcement Agency Advisory Board (LEAAB): Professionals from policing and law enforcement, security professionals, customs agencies, and other law enforcement agencies.
- ◆ Scientific, Industrial and Ethics Advisory Board (SIEAB): Researchers, industry professionals, ethicists and civil society representatives, and academia.

How can I join?

- ◆ Sign the Collaboration Agreement to become part of the Advisory Board most appropriate for your expertise.

What is expected of me?

- ◆ You will only be expected to contribute time as your schedule allows.
- ◆ Attend workshops (upon invitation), research activities, read and comment on reports, and reply to questionnaires or other expert work. Any time you give is voluntary and at your discretion.

What are my benefits?

- ◆ Getting early access to deliverables that will inform policy and research decisions of the EC
- ◆ Having the chance to actively shape the recommendations we make to the EC
- ◆ Interacting with experts from across the EU and beyond on the evolving topics around AI
- ◆ Getting information about (and potentially being invited to) relevant events and initiatives related to the topics of ALIGNER

What are the eligible costs covered?

- ◆ Project ALIGNER grant funding is directed to the partners who are beneficiaries in the project and is not available to third parties.
- ◆ Options for reimbursement are limited and will be offered upon invitation by the coordinator for selected AB members that attend physical meetings. The project only covers cost for travel and accommodation not of working time.
